

**Subject-Specific Study and Examination
Regulation for the One-Year M.A. Study Program
Politics, Administration & International Relations
SSSER 1y MA PAIR**

(Studies beginning in Fall Semester 2020)

**Subject-Specific Study and Examination Regulations
for the One-Year M.A. Study Program
Politics, Administration & International Relations | 1y MA PAIR
at Zeppelin University
(19.02.2020)**

Based on § 70 Para. 6 in conjunction with § 34 Para. 1 Item 1 of the law regarding universities in Baden-Württemberg (State Higher Education Act – LHG), on 15/02/2023 the Senate of Zeppelin University decided upon the following regulations governing teaching, studies, and examinations in the master study program International Relations & Global Politics.

§ 1 Admission Requirement

As a rule, admission to the one-year Master's degree program PAIR is only granted to those who have obtained a first degree in political and/or administrative sciences with 240 ECTS credits and have attended relevant social science methods courses in a BA program worth at least 12 ECTS credits.

§ 2 Study program objective

The research-oriented one-year Master's degree program PAIR prepares students for a career in science as well as in the public, non-profit and private sectors.

§ 3 Program structure & Options

- (1) The study program is composed of up to 6 elective modules (36 ECTS-points, 1-2 semesters) in the major phase and the master thesis including a thesis defense in the master phase (24 ECTS-points, 2. study semester). Options within the elective section can be found in Appendix 2 of these regulations.
- (2) Elective modules totaling max. 12 ECTS-points can be replaced with an internship or multidisciplinary modules. Alternatively, elective modules totaling 18 ECTS-points can be replaced with the 'Elinor Ostrom Project'.
- (3) As a rule, all mandatory and elective modules of the Master's degree programs at Zeppelin University, which do not correspond to the student's own field of study, can be selected as multidisciplinary modules, subject to available places,
- (4) A major field of study (track) can be indicated on the transcript of records; for this purpose, modules amounting to at least 18 ECTS credits from the respective track must be completed in accordance with Annex 2.
- (5) Participation in the "Creativity & Performance" workshop (unless it is taken as part of the corresponding CCM elective module) and in the "Value-added Entrepreneurship" workshop is open to students as an extracurricular activity; it is not assessed with ECTS points but can be listed in the Diploma Supplement upon request.

§ 4 Authorization of the Examination Committee

When minor changes are made to the SSER, the faculty may allow the Central Examination Committee to make the decision, if consideration by the Senate is not considered necessary. For this purpose, the Central Examination Committee is authorized to undertake changes to these regulations, in the event of which, they will notify the Senate. This does not apply to significant changes, particularly those which affect the very essence, content-related orientation, or the basic structure of the study program. Consideration by the senate is essential in this case. The faculty is always entitled to consult the Senate directly regarding any proposed changes.

§ 5 Effective date

These regulations come into force on the day of their publication.
